1	More interface with professional business people to help build self confidence and understanding of ones commitment requirements to a profession for success.	4/23/2019 12:11 AM
2	From the presenter's standpoint, I thought it was great. I'd suggest keeping the groups small so there can be more interaction between the presenter and the audience.	4/22/2019 2:27 PM
3	We just need to get a little more student participation.	4/22/2019 11:02 AM
4	I would have liked to have had something after lunch for the students to come together in a small group with faculty and staff in order to have maybe a "debriefing" for the day. A time to share what they learned in their groups, what they think could be added next year or changed, etc.	4/22/2019 8:17 AM
5	Offer at least one break for presenters. For myself it was a nonstop morning with six sessions I think back to back. At some point I wasn't even sure what I had covered with some of the groups.	4/20/2019 7:22 PM
6	Have a break time for presenters	4/20/2019 1:39 PM
7	I think it was great. Your Students were great. I enjoyed doing it and hope you will ask me again. I offered to let them call me if they had any questions in the future. Even if they would like to shadow for a day. There is a lot they need to know for their future.	4/19/2019 10:41 PM
